

PARTNERSHIP PROPOSAL

Join us in supporting the development of the best business ideas proposed by the teams of African teachers and students who took part in the capacity building programme of the SEED4AFRICA project!

A vibrant, stylized illustration of an agricultural landscape. It shows a large field with rows of crops, a tractor, several barns, and a person working in the field. The colors are bright and saturated, with a mix of greens, oranges, and blues.

THE PROJECT

The **SEED4AFRICA project** aims to enhance the professional profile of African VET teachers and trainers in the field of agriculture and rural development by offering online, face to face and work-based learning opportunities.

With the support of the **Erasmus+ Programme** of the EU, we have trained 30 trainers and 300 students from **Kenya, Benin and South Africa** who have co-designed innovative business ideas in the agricultural sector.

The teams will now compete in **National Hackathons** to produce the best digital marketing campaign to support the dissemination of their projects!

AFRICA HACKATHONS TOUR 2025

KENYA

Nairobi 27/28 February

BENIN

Cotonou 6/7 March

SOUTH AFRICA

George 11/12 March

HACK4AFRICA

PARTNERSHIP OPPORTUNITIES

SUPPORT US WITH... YOUR TIME AND EXPERTISE!

During the Hackathons, we will need the **support of mentors and experts** from different fields and with various academic and professional backgrounds. Don't miss the opportunity to support the competing teams with your **valuable experience in the digital and/or environmental fields!** Join us for one or more Social Hackathons.

SUPPORT US WITH... DEVICES AND SOFTWARE!

The SEED4AFRICA events will be organized at the venues selected by the African partners, but we will need **digital devices (laptops, cameras, etc...)** as well as **software licenses** to provide all participants with the best possible equipment for the development of their digital projects **during and after the events!**

SUPPORT US WITH... PRIZES AND AWARDS!

The winning teams of each Hackathon will have the chance to travel to Italy to take part in the 9^o edition of the Social Hackathon Umbria. **Contribute to awarding other noteworthy teams by offering special prizes**, such as incubation programmes, publication and visibility opportunities, grants or other financial support.
